OXINE™ AH (018469)

DESCRIPTION

Oxine AH is an effective virucide, bactericide and fungicide against animal pathogens when used according to label instructions with a ten-minute contact time.

INGREDIENTS

Sodium chlorite and Deionised water.

BENEFITS

Oxine AH keeps the bacteria level down in the water lines and animal confinement surfaces. This helps in keeping animals healthier by keeping down the pathogen level that could potentially travel from one animal to another.

SPECIFICATIONS

Appearance	Liquid
pH	8.2 – 8.5
Freezing point	– 1.72 Deg C
Concentration (min)	2.0 % available chlorine dioxide
Solubility	Soluble in Water

SUGGESTED APPLICATION RATE

For treatment of the water supply at 3 to 5 ppm of available chlorine dioxide
For treatment of animal confinement surfaces at 500 ppm of available chlorine dioxide
For disinfecting table egg surfaces at 100 - 200 ppm of available chlorine dioxide

STORAGE

Should be stored in a dry, cool place away from direct sunlight. Keep packaging closed when not in use.

STABILITY

Stable for 12 months in unopened and original packaging.
