

Thripher

---

## Material Safety Data Sheet

## 1. Product &amp; Company Identification

Product name/code	Thripher - <i>Frankliniella occidentalis</i> (Western Flower Thrips or Californian Thrips) pheromone lure
Function	Suitable for use on yellow or blue adhesive traps in connection with monitoring programmes
Supplier:	Biobest Group N.V. Ilse Velden 18 2260 Westerlo Belgium Tel.: +32 14 25.79.80 Fax: +32 14 25.79.82 E-mail: <a href="mailto:info.be@biobestgroup.com">info.be@biobestgroup.com</a> <a href="http://www.biobestgroup.com">www.biobestgroup.com</a>

## 2. Composition/information of the components

Product Formal Name	Rubber septa dosed with the active ingredient: Neryl (S) – 2 – methyl butyrate
CAS number	51117-19-2
Customs Classification	29371900

## 3. Hazard identification

Known data indicates no health hazard. The moieties nerol and methyl butanoate separately, and a series of related esters of nerol are used as food and flavouring ingredients. They are included in a Summary of Evaluations Performed by the Joint FAO/WHO Expert Committee on Food Additives as of no concern. However, to the best of our knowledge, the toxicological properties have not been fully investigated.

## 4. First Aid Measures

First Aid – Eyes	Not applicable
First Aid – Skin	Not applicable
First Aid – Ingestion	Do not get into mouth.

Tripher

---

First Aid – Inhalation	Do not inhale
General	Rubber septa – could cause choking if ingested

## 5. Fire Fighting Measures

Extinguishing Media	Dry chemical, CO <sup>2</sup> or foam
Special Hazards	None known

## 6. Accidental Release Measures

Personal Precautions	Not applicable
Environmental Precautions	Not applicable
Spillages	Not applicable

## 7. Storage

Should be stored in air-tight sachets in a freezer for up to two years.

## 8. Exposure Control/Personal Protection

Protective Gloves	Wear oil-resistant gloves
Eye Protection	Not applicable
Respiratory Protection	Not applicable
Ventilation	Not applicable

## 9. Physical and Chemical Properties

Appearance	Rubber septa
Colour	Red or light cream
Odour	Possible slight odour of apples
Specific Gravity	Not applicable
Flash Point	Not applicable

Tripher

---

## 10. Stability and Reactivity

Stability	Presents no significant reactivity hazard. Stable at normal temperature and pressure.
Hazardous Decomposition	Burning produces carbon monoxide, carbon dioxide and smoke.

## 11. Toxicological Information

Inhalation	Not applicable
Ingestion	Not applicable
Skin	Not applicable
Eyes	Not applicable

## 12. Ecological Information

Environmental Hazards	Not applicable
Degradability	Not known

## 13. Disposal

Disposal Methods	Incineration or landfill in accordance with local regulations.
------------------	--

## 14. Transport information

Not classified for air, road, sea or rail transport.

## 15. Regulatory Information

No labelling or classification required.

## 16. Other Information

None known
