Consult the National Poisons Information Centre 0800 POISON (0800 764 766) or a doctor in every case of suspected chemical poisoning. Have product label or Safety Data Sheet at hand.

**INGESTION:** Rinse mouth. Do NOT induce vomiting. Get medical advice if person feels unwell.

If vomiting occurs spontaneously, keep head below hips to prevent vomit entering lungs.

**SKIN CONTACT:** Remove contaminated clothing. Wash skin with soap and water. If irritation or rash develops, obtain medical advice. Wash contaminated clothing before reuse.

**EYE CONTACT:** Flush with running water for at least 15 minutes. Remove contact lenses if present, and easy to do after 5 minutes before continuing rinsing. Get medical advice if irritation persists.

**INHALATION:** Remove patient to fresh air and keep at rest in a position comfortable for breathing until recovered. Get medical advice if person feels unwell or has respiratory symptoms, e.g. difficulty breathing.

**First Aid facilities:**

Provide eye baths and safety showers close to work areas.

**Advice to Doctor:**

Treat symptomatically.

### 5. FIRE FIGHTING MEASURES

**Flashpoint:** Non-flammable.

**Suitable extinguishing media:** Dry chemical, carbon dioxide, or foam. Use water fog/spray as appropriate for surrounding materials.

**Hazards from combustion products:** May generate harmful/toxic fumes/gases (e.g. carbon dioxide, carbon monoxide, nitrogen oxides) and smoke.

**Precautions for fire fighters and special protective equipment:** Containers can burst violently or explode when heated. Due to excessive pressure build-up. If aerosol cans are ruptured, care is needed due to the rapid escape of the pressurized contents and propellant. Do not breathe vapour from heated material. Wear self-contained breathing apparatus with full face-piece and protective clothing.

**Hazchem Code:** 3Z.

### 6. ACCIDENTAL RELEASE MEASURES:

**Personal Precautions:**

Wear appropriate personal protection equipment to prevent contact with skin and eyes. Do not breathe vapours or spray mist.

## Safety Data Sheet: WaspJet Pro

### Environmental Precautions:

Eliminate ignition sources if safe to do so. No smoking, sparks, flames or other sources of heat/ignition to be located near spillage. Contain spill and prevent from entering confined spaces (as risk of explosion) or from entering drains, sewer or any water course. In event of large spill and contamination of a water-course, notify the Police, local Health Protection Officer and Council.

### Methods and materials for containment

Contain any liquid spillage with earth, clay, sand or similar absorbent material. Collect into labeled container that can be sealed for disposal to landfill. Wash down area with water.

## 7. HANDLING AND STORAGE

### Precautions for Safe Handling:

Keep out of reach of children. Read and observe all precautions and safety instructions on the label. Aerosol is flammable. No smoking. Keep away from food or feed stuffs, and any source of heat/ignition. Pressurized container. Spray will evaporate and cool rapidly and may cause frostbite or cold burns if in contact with skin. Do not breathe vapours/mist/spray. Use in well-ventilated area, or with mechanical ventilation in enclosed spaces. Wear impervious gloves and protect eyes from splashes. Launder contaminated clothing before reuse.

### Conditions for Safe Storage:
