

Technical Information

CarboZinc

Description:

A liquid water-soluble organic zinc plus boron complex, which can be applied as a foliar spray or soil treatment.

Physical & Chemical Properties :

Analysis:	(% w/v):
Zinc (Zn):	12.9
Boron (B):	0.62
Appearance :	Dark liquid
Odour :	Fruity
Solubility:	Water soluble
Specific gravity:	1.24 - 1.26
pH (1% w/v solution):	5.0-6.0
