

PreTom®

Protection against tomato hands

PreTom protects hand against stubborn dirt originating from the juices of the tomato plant. You won't have to use gloves anymore and you will keep your 'feeling' with the crop and your job. After usage you can easily wash PreTom off your hands.

PreTom complies with cosmetics regulations.

Advantages:

- Protects against stubborn dirt.
- Forms a thin film.
- Skin-friendly lanoline prevents splits.
- Nicely scented.
- Economical in use.
- Easy to remove with water.

Dosage PreTom

Apply PreTom undiluted to your hands, so you will get 'a second' skin on your hands.
