

Instant foliar green up with the combo

NUTRIKELP^{plus} & **Fetrilon[®] Combi 1**

**Acadian seaweed with fulvic acids & additional NPK
and a boost of essential trace nutrients.**

NUTRIKELP^{plus}

@ 500 mL / 100 L

The concentrated all purpose liquid fertiliser

- ✓ based on Acadian™, an organic sea kelp, potassium humate and fulvic acid
- ✓ fortified with NPK to provide a balanced 10N + 3P + 7K
- ✓ provides effective "green-up"
- ✓ increases tolerance to stress and facilitates healthy growth.

Fetrilon[®] Combi 1

@ 75 g / 100 L

A free-flowing, dustless, micro-nutrient cocktail providing readily available trace nutrients to plants.

- ✓ high content of chelated trace nutrients, including 4% Iron, 4% Manganese and 1.5% Zinc
- ✓ provides all necessary trace nutrients
- ✓ includes 2% chelated Magnesium.
