

Intra Eco Shield

Unique blend of nutrients

	Silicon	Enhance the tolerance of plants to various abiotic and biotic stresses
	Boron	Helps in uptake of Silicon and moves sugars in the plant
	Molybdenum	Molybdenum is the key to convert nitrate to proteins

- ✓ Intra Eco Shield is a future proof bio-stimulant
- ✓ Unique formula with a high level of plant-available ortho-silicic acid
- ✓ Balances the plant in nutrient uptake and works as an elicitor
- ✓ Supports the plant in any kind of stress situations
- ✓ Easy to use as foliar and via irrigation
- ✓ Applicable for young, indoor and outdoor plants
- ✓ Preventing production losses and improving yield

Intra Eco Shield

Strengthens your crop for future proof growing
