+ 1.1 Mg

(elemental)

+ trace elements

Nutrient analysis

Nitrogen (N)	5.2%
Phosphorus (P)	0.2%
Potassium (K)	5.0%
Sulphur (S)	2.80%
<i>as sulphate</i>	
Magnesium (Mn)	1.10%
Manganese (Mn)	0.70%
Calcium (Ca)	0.68%
Iron (Fe)	0.39%
Nickel (Ni)	0.36%
Sodium (Na)	0.23%
Aluminium (Al)	0.20%

No heavy metals present in this product.

Directions for use (all turf types)

Drench 1 to 2 in 40

Foliar 1 to 2 L / 100 L

Read the full label prior to use.

Nutri-Gro™ Plus is a 3-in-1 solution for turf, combining insect control, plant nutrition and soil wetting agents with no toxic effects on the environment. A concentrated natural fertiliser for greener and more beautiful grass.

Safe protection against insects

Nutri-Gro™ Plus is a safe, non-toxic effective alternative to conventional chemicals and pesticides for control of Black Beetle and Lawn Army Worm. The active constituent (10 g / L Eucalyptus Oil and 2.5 g / L Tea Tree Oil) in a unique formulation provide broad spectrum insecticidal cover to turf.

More nutrition

Nutri-Gro™ Plus promotes healthier, greener, stronger turf by improving the nutrition of turf through its synergistic blend of chicken manures, crustacean shells, fish emulsion and plant extracts. Its provides essential nutrients and trace elements needed for stronger grass.

Deeper penetration

Nutri-Gro™ Plus saves water and penetrates deeper into the soil with its organic wetter based on essential oils. This extraordinary soil wetter enhances the effectiveness of the insecticide and fertiliser properties of Nutri-Gro™ Plus by delivering these ingredients to where action is: the root layer.

Directions for use

as a saturate for turf

Dilute 800 mL of Nutri-Gro™ Plus with 25 L of water to cover 100 m². Apply evenly, then water in with 25 L water / 100 m².

as a foliar spray for shrubs and plants

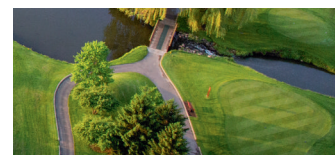

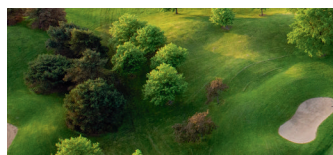

Dilute 500 mL of Nutri-Gro™ Plus with 25 L of water and spray over leaf. Pour liberal quantities around the roots.

for renovations

Dilute 500 mL of Nutri-Gro™ Plus with 50 L of water to cover 100 m². Apply evenly, then water in with 25 L water / 100 m².

Warning: Never apply in concentrated form or dilution level of more than 1 part Nutri-Gro™ Plus to 10 parts water. Always dilute as above instructions. Product must be washed thoroughly to ensure leaf is not burnt.

Protection of livestock: Do not graze any treated area.
